

SHIP CANAL WATER QUALITY PROJECT – TUNNEL STORAGE

Traylor-Shea Joint Venture

Background: Traylor-Shea Joint Venture (TSJV) is seeking **Disadvantaged Business Enterprises (DBEs) including WBEs, SBEs, MBEs, and Indian Tribal** for potential subcontract and supplier opportunities on the Seattle Public Utilities (SPU) **Ship Canal Water Quality Project-Tunnel Storage (SCWQP)** project. The current bid date is Wednesday, May 22, 2019.

Bidding System: TSJV is utilizing BuildingConnected, a web-based data collection and bidding process, to communicate with potential DBE subcontractors/suppliers. This streamlined and user-friendly program will notify you of bidding opportunities and allow easy access to the project documents and forms. Required documentation and quotes are due to TSJV by Wednesday, May 15, 2019.

Express Interest: If interested in becoming a subcontractor/supplier on the SCWQP project and to request a BuildingConnected electronic invitation, please email your contact information to TSJV@traylor.com and include “*Send Me More SCWQP Information*” in the subject line. Questions: (562) 264-2500.
Attend the Outreach Event on Tuesday, April 16, 2019.

TSJV is committed to help ambitious DBEs (including SBEs, MBEs, and WBEs) develop their skills and knowledge to:

- Identify key resources, tools, and contacts for reference
- Grow to meet the Seattle, Washington market demands
- Comply in a highly regulated environment
- Compete in a challenging economy
- Market their skills as qualified DBEs
- Sustain their livelihood to execute by building stable organizational foundations for current and future opportunities
- Grow as DBE qualified subs and suppliers for future projects

Where applicable, TSJV is prepared to divide total subcontract and material supply requirements into smaller tasks or quantities to permit maximum participation and establish delivery schedules. TSJV can also provide advice and assistance in obtaining bonds, lines of credit, and insurance as required.
